

DATE 06th / JUNE / 2014

To the dear family of Mr and Mrs Van derp, how are you over there? I am Mukibi John, writing this letter to you with great thanks because of your support and assistance in my education.

I was born in a polygamous family of the late Charles Byekwanso (died in August 2003) and Mankiga Petwa. Petwa has six children of whom, am the third child and 1st boy (the oldest amongst the three boys).

The oldest works as a waitress in a local food joint (sat s.b), the 2nd eloped with a man (stopped in s.2) because she had dropped school. Due to lack of school dues, am at University because of Pr Kagwa Edward, who sympathized my mother, the 4th also dropped out of school because mother (a widow) couldn't raise all that money needed. Mother who is an employee now toils to pay the dues of the remaining girl and boy.

The descending order of the children according to age is Nakimera Cathy, Namigadde Ritah, Mukibi John, Mutyaba Julius, Namakula Robbinah and lastly Ssemakula Henry.

The other siblings (of my father) follow-up is not so clear because, I last heard about them many years ago (after the burial).

At University, am pursuing a bachelors degree of computer science - and my all along dreamed course.

Life at compass is so interesting, generally good.

I finished my 1st year, the previous May and the second year begins soon.

My main dream (passion) is to become a computer programmer and a software designer and developer.

I therefore write this letter with great thanks to God who has enabled you pay for my tuition.
